

## Quality Policy Declaration

The primary objective of the Management of Chemimontazh Ltd. is to achieve, with the activity of the Company, a favourable image on foreign markets, to gain and keep the confidence of Customers, to increase its market share, to continuously maintain the quality of the construction work and services performed, meeting the expectations, and to be successful in operations.

In order to achieve these objectives:

1. We will introduce in full, maintain and effectively operate the Quality Management System that meets the requirements of the standard MSZ EN ISO 9001:2001, to be proved with the respective Certificate which we will obtain and keep valid.
2. Our employees will be provided regular training and, by the acceptance of the development principles, it will be ensured that everybody can take active part in the further development of the system.
3. In order to continuously ensure the corresponding quality level, suppliers and subcontractors will be selected carefully and regularly certified.
4. On foreign markets, local employees will be employed integrated in project works, by observing the requirements of our Quality Management System, ensuring the utilization, in a mutually advantageous manner, of knowledge accumulated by mankind.
5. Through the operation of the Quality Management System, it will be ensured that the work done can be followed up and, in addition to the correction of accidental faults, we will make sure these faults never occur again in the future, and the measures taken be documented and confirmed.
6. Parallel to the operation and continuous development of the Quality Management System, the protection of natural environment and natural property will be in the focus of our attention.
7. In the interest of meeting the requirements of the Clients, we will continuously develop our technology, work culture.
8. It is our definite aim to make sure that every employee of ours feels satisfied in their jobs, and contribute to the success of our company with positive way of thinking.

Our motto:

Quality – Prosperity – Efficiency

„With High Quality Work, for the Prosperity of our Foreign Clients,  
in the Interest of our Success”

June 30<sup>th</sup> 2004, Budapest

Mr. Laszlo Horvath
